AMENDMENT and RESPONSE

In response to the Patent Office examiner's Office Action mailed 10 May 2004, please amend the above-captioned case as follows. The undersigned encourages the examiner to call at a time convenient to the examiner in the event a conversation might aid moving prosecution forward and/or result in an examiner's amendment. This response has been formatted in the revised format pursuant to published notification by the Patent Office as best as can be understood. See, MPEP §714 III.

Amendments to the Specification reflect the examiner's suggestion <none suggested>.

No amendments to the Claims are included (since no amendment are being made herein to the claims, per USPTO revised format no *full listing* need be included), which begins on page <none> of this correspondence.

No amendments to the Drawings are deemed necessary, as no suggestion or objection has been made to so amend, at this time.

Remarks/Arguments begin on page 3 of this correspondence.
